The present report contains in English translation some portions of a supplementary trade treaty between the CSR and Poland, drawn up in Warsaw on 8 July 1948. The translation was made from a [redacted] Czech original. Only the lists of goods to be exchanged and a note from the CSR Ministry of Foreign Trade were available [redacted] (Evidently these are new lists which were intended to replace the old lists, A and B, of an earlier treaty expiring 1 July 1948.) The present report falls into three parts: paragraph 1 is the above-mentioned note of the CSR Ministry of Foreign Trade; paragraph 2 is List C, comprising goods to be exported from the CSR to Poland; paragraph 3 is List D, comprising goods to be imported into

Poland: Note concerning ~~Exchange of Goods~~

Dissemination No. 47/1948

On 8 July 1948 a trade agreement for exchange of goods between the CSR and Poland for the period of 1 July 1948 to 30 June 1949 was drawn up in Warsaw. Lists A and B and all supplementary lists for the period now expired lose their validity on 1 July 1948.

Contracts concluded on the basis of the former lists, which were in force through 30 June 1948 but had not yet been carried out, will be carried out in the future, without being counted in the new lists.

Products of the metal industry, cited in various items of List C for export to Poland, are specified in an attachment which Section I/8 will receive in ten copies.

Both treaty partners will attempt, through authorized firms, to draw up as soon as possible the purchasing and sales contracts for the goods cited in the lists.

Responsible chiefs of section have been informed orally concerning the special agreements (cuttings, hops, cadmium, cotton yarn). Sections I/3, I/5, and I/7 are handling these goods by agreement with Section III/5.

The Territorial Section will retain the documentation for the individual allotments and for the contracts.

The provisions of Disseminations Nos. 41/1947 and 9/1946 are thereby altered, as far as concerns the lists and concrete cases. The fundamental provisions remain in force.
